

PCHAlliance Membership: Overview

Members of PCHAlliance harness a collective effort to powerfully impact our businesses and the connected health ecosystem. PCHAlliance gathers technology and life sciences industry icons and innovative, early stage companies along with governments, academic institutions, and associations from around the world.

Why join? Access industry-leading resources, gain opportunities to engage with fellow thought leaders and decision makers, and help shape the future of technology-enabled health and wellness.

Membership will provide:

- Strengthened brand credibility
- Access to valuable resources
- Industry connections
- Enhanced thought leadership
- Boosted profiles of individual participants
- And, will move the needle on the field of personal connected health

Which level? Select the Membership Level that fits your goals for impact and engagement:

- For maximum access and influence: GLOBAL and STRATEGIC
- For emerging action and participation: INNOVATOR and ADOPTER
- For Low and Middle Income countries: LMIC

Enjoy a range of exclusive opportunities. Shape the work of PCHAlliance. Lend a voice to advancing the connected health agenda in global markets.

Access resources, partnerships and participate in initiatives important to our members, including:

- Complimentary and discounted event registrations
- Discounted and preferential event exhibiting
- Leadership, participation and voting rights in member groups
- Board and Council leadership appointments for Global and Strategic
- Collective voice in policy and regulatory affairs
- Access and influence within interoperability standards and Continua Design Guidelines
- Speaking and Social/Media opportunities
