UC-321PBT-C

Precision Health Scale

The World's 1st Continua-certified Precision Health Scale

The UC-321PBT-C was designed based on the UC-321PL, which has a 200 kg (450 lb) capacity with a fine resolution of 100 g (0.2 lb). It shares some characteristics with the UC-321 Precision Personal Health Scale series. Extended functionality is provided by Bluetooth® wireless communication.

Features

- Bluetooth Class 1
- Improved compatibility with various Bluetooth receivers
- Built-in real time clock
- 25-measurement memory
- 100 g resolution up to 200 kg capacity
- Very low profile
- Rugged construction
- Motion tolerance
- Kg / lb selection

Specifications

Capacity	200 kg / 450 lb
Resolution	100 g / 0.2 lb
Sensor	Load cell
Display	LCD, character height: 25 mm
Power	4 type AA batteries (R6P)
Battery life	Approx. 2,000 measurements
Weight	2.7 kg
Dimensions	320 x 314 x 35 mm (WxDxH)
Auto power off	45 seconds delay on
Operating temperature	10 to 35°C (50 to 95°F)
Wireless communication	Bluetooth Ver.2.1 Class 1 SSP, HDP Continua Certified
